

The Stepping Stones Way

Inspiring the present Creating the future

At Stepping Stones children are expected to:

- **Treat everyone and everything with respect.**
 - Staff and Visitors
 - Pupils
 - Premises and Equipment
- **Follow instructions and requests.**
- **Work well and produce work to a high standard.**
- **Be safe at all times.**
- **Make positive steps to meet their individual targets.**

We understand this may be difficult at first for some pupils but we believe it is necessary to develop a practice of socially acceptable behaviours. For this reason, we expect full parental support. We will tailor the curriculum to meet the needs of all children and we will provide key support as needed.

Liaison between home and school is crucial all staff have a responsibility in communicating effectively and supporting our parents with their child.
