

Dear Parents and Carers

## FREE 'Magic Breakfast' for ALL Children!

### Did you know that we have are part of the National Breakfast Programme?

This is a fantastic new free breakfast provision! A delicious, healthy breakfast is available every day, offering every child great fuel for learning. The breakfast is provided as part of the department of educations National Breakfast Programme and in partnership with 'Magic Breakfast'

### Research has shown that children who have a healthy breakfast achieve more at school – make sure your child doesn't miss out!

A range of tasty food including cereals and top quality bagels will be on offer to all children, during the breakfast time in each class. This is also social skills time, teaching the children to have a healthy nutritious breakfast whilst engaging in conversations and turn taking.

### We are offering this to *all* children, and it's totally free!

We hope your child is taking the opportunity to have a breakfast daily. We have already noticed that this is improving concentration in class.

Kind Regards,

Mrs Dodd
