

## ACCESSING SUPPORT AND PLACEMENTS AT STEPPING STONES

APRIL 2019 – 2020 – DISTRICT 02

- District 02 Strategic Group**
- All District 02 schools can access the Universal Offer.
  - District 02 schools will pay the full cost for the Outreach work, however each school can make an application to the DSG for reimbursement of costs.
  - Stepping Stones will invoice schools for the amount. Schools will request reimbursement from their DSG.
  - It is possible for schools to make requests for placement without involvement from the Outreach team, however past data reflects that specialist teacher advice and subsequent weekly support to implement the advice, has prevented a high number of children from having to come into placement and the Multi Agency Panel Meeting (MAP) will consider this.
  - All requests for placement must be received 2 weeks prior to the Multi Agency Planning Meeting.
  - Training – Training can be requested from the District or individual schools / sub clusters. Commissioned from the DSG or individual schools.
