

Family News.

Good afternoon everyone,

First of all can we say a big thank you for your help and understanding at this unprecedented time. We appreciate everything that all parents have been doing in relation to their child's learning and keeping safe. We have also enjoyed seeing work on the classdojo—keep it up and send us more.

Free School Meal Vouchers

We have tried to make contact with all of our families who receive Free School Meals today. To collate email addresses and shop preferences. As you are aware the vouchers will be available after Easter. If school is to re-open you will be expected to provide a packed lunch by using the voucher for food.

Thank you again for working with us. Please keep checking the school website and class dojo for new links of support in your area.

Over the Easter period you can access support from the groups below.
