A Peek At What We Are Learning

English

Our English unit this half term will be based on the book 'Secrets of a Sun King' which enters a world of Egyptian pharaohs and ancient curses linking to our history topic. We will be taken on a journey through the book with carefully paced reading opportunities, grammar activities and extended writing opportunities such as an explanation text, newspaper article and narrative.

Math

We will be starting a new scheme in math called Red Rose Mastery Maths. This uses a spiral curriculum approach which reduces cognitive load, supports retention and enables children to make connections across the different strands of mathematics. This half term the children will be focusing on place value, addition and subtraction, and multiplication and division.

Science

In science, we will be investigating living things and their habitats. During this unit of work, children will learn the seven life processes that distinguish living from non-living things. They will consolidate and extend previous learning on the life cycles of plants and animals, comparing and describing differences in the life cycles of mammals, amphibians, reptiles, birds and insects.

Topics

We will be studying Ancient Egypt in history this half term, learning all about pyramids, Pharaohs, the Nile and mummification! Morecambe Football Club will also be coming in to deliver PE on a Friday afternoon.

If your child has been showing the week's value at home, please send in a Dojo message so we can put them forward for a home nomination.
